The experience speaks for itself™

DATASHEET

Dragon™ NaturallySpeaking® Standard 9

With Dragon™ NaturallySpeaking® Standard 9, you can talk to your computer and watch your spoken words instantly appear in

documents, email and instant messages. You can even surf the web just by speaking! Fast, easy and up to 99% accurate, this revolutionary and easy-to-use product gives you everything you need to get started, including a free, high-quality headset microphone with noise-cancelling technology.

Dragon NaturallySpeaking Standard 9 is PC fun for the whole family, from kids to grandparents! No more typing – use the world’s best-selling speech recognition software to create letters, reports and more significantly faster than typing. Just use your voice to dictate and edit in just about any Windows®-based application, including Microsoft® Word, Microsoft Outlook® Express, Microsoft Internet Explorer® and America Online®.

UNPRECEDENTED SPEECH RECOGNITION ACCURACY!

Dragon NaturallySpeaking 9's improved speech engine is up to 15% more accurate than the previous version and delivers up to 99% accuracy.

GET STARTED RIGHT AWAY – NO TRAINING REQUIRED!

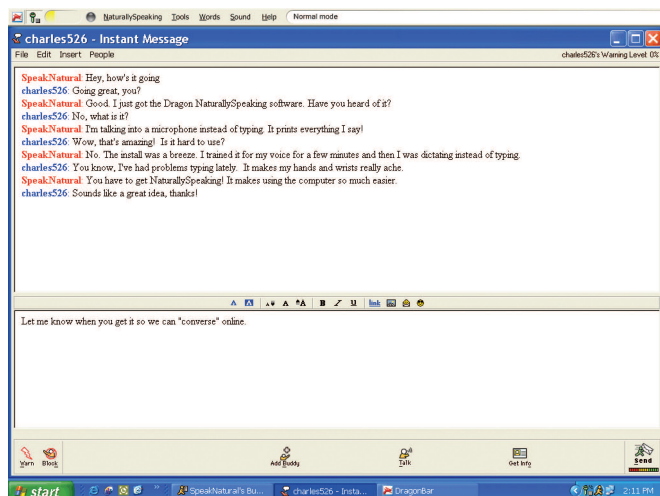

New on-screen tutorials make it fast and easy for you to learn how to use all of the features in Dragon NaturallySpeaking. You'll be using your voice to dictate letters and emails instantly! We even include a comfortable, high-quality noise-cancelling headset microphone.

NEW EXPANDED SUPPORT FOR MORE APPLICATIONS!

In addition to Microsoft® Word™, Internet Explorer® and Outlook® Express, Dragon NaturallySpeaking 9 supports Firefox® and Thunderbird® from Mozilla®.

FASTER THAN TYPING!

Most people speak up to 160 words per minute but type less than 40 words a minute. That means you can create documents and email messages more than three times faster using Dragon NaturallySpeaking Standard 9!

Dragon Dictation Solutions

Top 10 Reasons to Buy

- 1. Most accurate version ever**
An amazing 15% more accurate than the previous release.
- 2. No training required**
Dragon NaturallySpeaking Standard 9 installs quickly and requires no special script reading or training, meaning that you'll be using your voice to dictate letters and emails instantly!
- 3. Browse the web with ease**
Search the Web, access information and navigate web pages, all by voice.
- 4. Works with most commonly-used desktop applications**
Launch, manage and dictate into virtually any Microsoft® Windows®-based program, simply by speaking.
- 5. Create documents, reports and emails faster**
You can speak over three times faster than you can type.
- 6. Easier than ever to use**
New on-screen tutorials will make you an expert user in no time.
- 7. Works the way you work**
Add names, addresses and other words to your custom speech vocabulary.
- 8. Get the most from Microsoft® Word and Corel® WordPerfect®**
Natural Language Commands let you say it your way to perform commands and format text.
- 9. Protect your health**
Reduce the risk of developing a repetitive strain injury by talking instead of typing.
- 10. The world's best-selling speech recognition software**
Dragon NaturallySpeaking products have won over 175 awards worldwide*, for accuracy and ease of use.

NEW! SELECT-AND-SAY INDICATOR!

Dragon NaturallySpeaking 9 includes a new indicator that lets you know when you have "Select and Say" functionality available.

NAVIGATE YOUR DESKTOP BY VOICE!

Launch or switch applications, save or print documents and more, using menu commands for all standard Windows®-based applications.

WORK ON THE WEB BY VOICE!

Search the Web, access information and navigate Web pages by speaking URLs and links.

AVOID REPETITIVE STRAIN INJURIES

By using your voice to control the PC and create documents, you reduce your risk of developing repetitive strain injuries, such as carpal tunnel syndrome.

SAY IT NATURALLY

Unique Natural Language Commands mean you don't have to memorise complex instructions. In Word, for example, if you say "make that bold," the selected text will turn bold instantly.

SYSTEM REQUIREMENTS

• Intel® Pentium® / 1 GHz processor (for example Pentium® M, Pentium® 4 or equivalent AMD® processor) – Faster processors will yield faster performance • 512 MB RAM • 1 GB free hard disk space • Microsoft® Windows® XP (SP1 or higher) Home and Professional, 2000 (SP4 or higher) • Creative® Labs Sound Blaster® 16 or equivalent sound card supporting 16-bit recording • Microsoft® Internet Explorer 5 or higher (free download available at www.microsoft.com) • CD-ROM drive (required for installation) • Nuance-approved noise-cancelling headset microphone (included) • A web connection is required for activation
