

WHITNEY and BRITNEY

Stunning paper **TIARA**

1 Cut around the tiara

If you're good with scissors, cut out the grey bits too.

HINT – fold the paper gently first to get your scissors in.

2 Using the dotted line, fold the bottom of the tiara up

This will make it stronger.

3 Cut a strip from the bottom of this paper

This strip will help hold your tiara on. Cut along the line below.

4 Attach and measure

Staple the strip to the tiara at one end. Measure it on your head and, once it fits, staple the other end.

NOW DECORATE YOUR TIARA

You can use sequins, glitter, pens, pencils and stickers
