A gentle and moving picture book about how looking on the bright side might not always be the brightest solution. Walrus is such a good friend. In fact, he's so good at cheering friends up and finding the bright side in any situation that sometimes his friends call him 'Wowrus.' But when Walrus breaks a tusk during the Great Iceberg Classic, it hurts! He doesn't want to hear about the silver linings of having only one tusk! As he nurses his wound, Walrus starts to understand that pointing out the positive doesn't always help. It takes Narwhal listening to him for Walrus to realise that perhaps not everything can—or should—be bright all the time ... and that's okay too.

Before the Lost Boys, Tinker Bell runs with a different crowd—an anxious pirate, an apathetic mermaid, an enthusiastic shape-shifter and the adventurous Tiger Lily. The one thing they all have in common? They've noticed strange and disturbing occurrences around the island. Wildlife is disappearing. The weather is volatile. Pockets of land are scorched. Could Never Land be dying? Tink ventures off to London in search of answers. While stranded there by the rain, she spends time with the most curious humans—the orphans James, a young inventor whose passion rivals her own, and Peter, a charismatic storyteller. And she grows attached to the orphans James looks after at the boys' hospital. Wondering if they can help each other, Tink takes the boys back to Never Land—where a perfect storm awaits: power-hungry pirates, betrayal, heartbreak, and an unforgiving ticking clock. Soon Tink must forge a new path and imagine a new future for Never Land ... or lose everything she's grown to love.
