Ever since she was a baby, Una has been fascinated with space.

Una plans to become an astronaut herself one day, and to go out into space and search for life amongst the stars. But she will have to wait to become an astronaut, and waiting is not something that she is nearly as excited about, so she takes matters into her own hands, designs and builds herself a spacesuit, and creates a rocket to carry her out into the furthest reaches of our solar system.

Una's greatest discovery is not an alien spacecraft though, or an unexpected comet, but instead is the realisation that our planet is the most amazing spacecraft ever, with air and water provided, and teeming with plant and animal life.

SALES POINTS:

- *Give me some Space!* is the official storytime book for National Simultaneous Story Time 2021 and will not only be read by over 1 MILLION kids across Australia and New Zealand simultaneously on Wednesday 19th May 2021 but will also be read by the astronauts from the International Space Station!
- Philip's unique style and storytelling lead to him being specifically chosen to write *Give me some Space!* for the Story Time from Space program. As one of our most awarded creators worldwide this intergalactic experience will see his book read and enjoyed by children around the globe.
- Book related activity sheets and downloadable science experiments will be made available for readers via the Scholastic Australia website.

What if Meg had to become a Greek god? After Hercules proves he's a true hero and regains his godship, all seems right in the world. That is, until Zeus tells Meg that she can't be with Hercules because she's, well, mortal. Luckily, Hera has a solution, offering Meg a chance to prove herself worthy of a spot on Mt Olympus—as a god. All Meg has to do is complete a mysterious quest. The mission? Oh, just to rescue her ex's current wife from the Underworld. The ex-boyfriend she saved by selling her soul to Hades. The ex-boyfriend who immediately moved on to someone else while she was stuck in the Underworld. Can Meg put her past behind her and use her quick-wit to defeat monsters and gods alike, including the nefarious Hades? Will she finally figure out her place and contribution to the world? Or will her fear of commitment have her running away from an eternity of godhood with Herc? The next instalment in the Twisted Tales series, *Go the Distance* features sardonic Meg, a frequent favourite female icon of the Disney catalogue, venturing off on her own journey for the very first time.
